Did you know you can make an investment choice in Member Online at any time?

Simply log into Member Online at mol.gesb.wa.gov.au, go to the 'Investments' tab and choose the 'change plan' option. Otherwise, complete this form to change your investment plan for your RI Allocated Pension or Transition to Retirement Pension.

We will process your investment switch on the first available day after receiving it. Generally, within two to three business days of receiving your request. However, sometimes it may take up to five business days to process your switch. A business day is a work day other than a public holiday or weekend in Western Australia.

Please keep in mind that your investment switch will take effect on the day it's processed, rather than on the day it's received. The day we process your switch is known as the 'effective date'.

The unit price on the 'effective date' will be applied to the transaction. Once this process is complete, the changes to your investment plan will take effect immediately.

Please note, if you switch your investment plan, all of your units will be sold and then new units bought according to your new plan.

Section 3 Declaration and signature

When making an investment choice and in signing this form I acknowledge that:

- I have read the '**Retirement Income Pension Product Information Booklet**'. I understand it serves as a general guide only and does not contain personal financial advice
- GESB will invest my money according to my choice of investment plan(s) and is not responsible for my choice
- While GESB aims to process my investment choice within two to three business days after receiving my completed form, it may take up to five business days, or longer in exceptional cases, for my request to be processed
- My investment switch will take effect on the day it's processed, and not on the day it's received by GESB
- GESB cannot guarantee the unit price that will apply to my investment switch
- Once my investment choice has been accepted, it cannot be cancelled or reversed. Any further changes to my plan won't be processed until this request has been completed
- As RI Allocated Pension and Transition to Retirement Pension are linked to the performance of financial markets, changing my investment plan when the market is fluctuating may negatively impact the value of my account
