Notes regarding minimum and maximum pension limits

Subject to payment limits set by the Australian Government, you can choose your level of income.

Minimum annual pension limits are set by simply multiplying your allocated pension account balance at the start of the financial year (or upon joining in your first year) by the appropriate percentage for your age. The percentage applies on a pro-rata basis in your first year of joining.

Minimum annual pension payments

Age	Percent of account balance for 2025/26 (%)
Under 65	4%
65 – 74	5%
75 – 79	6%
80 – 84	7%
85 – 89	9%
90 – 94	11%
95 or older	14%

Maximum pension limits for transition to retirement pensions

Restrictions apply for the transition to retirement option. Under the transition to retirement option, generally, no more than 10% of the account balance (at the start of each financial year or upon joining in your first year) can be withdrawn in any one year. The maximum limit is not subject to pro-rata limits in the initial year of joining. For further information, contact your Member Services Centre on 13 43 72.

Term allocated pensions

This form is not applicable to term allocated pensions. You may be able to vary your pension amount. Contact us on 13 43 72 to discuss your options.
